

5 Epic Games Leaving Xbox Game Pass on January 15

- **Title: 5 Epic Games Leaving Xbox Game Pass on January 15, 2026**
- January 2026 is an important month for console gamers, especially for subscribers of [Xbox Game Pass](#). As part of Microsoft's regular content refresh cycle, several popular titles are set to leave the service on January 15, 2026. This update includes five epic games that have entertained millions of players across console and PC. If these games are on your playlist, now is the perfect time to jump back in before they're gone.
- Game Pass is known for offering incredible value by rotating its library with fresh content every month. However, this also means some fan-favorite games eventually exit the platform. The list of *Games Leaving Xbox Game Pass in January 2026* features titles known for strong gameplay, engaging stories, and high replay value. Whether you enjoy action-packed adventures, immersive RPGs, or intense combat experiences, these departures will definitely be noticed by the community.

To soften the impact, Microsoft provides special discounts to subscribers before games leave the service. During this period, players can purchase departing titles at reduced prices. When combined with the **Xbox Countdown Sale**, gamers can score massive savings on both leaving and featured games. This is a smart opportunity to permanently add your favorite titles to your digital library without paying full price. If you're planning your gaming time wisely, prioritize finishing campaigns, unlocking achievements, or enjoying multiplayer modes before January 15. Game Pass removals are not permanent—some games may return in the future—but there's no guarantee when that might happen. In conclusion, staying updated on Xbox Game Pass changes helps you make the most of your subscription. Don't miss your chance to play or own
